

Greetings from: **Team Law**

I'm Eric W. Madsen, Team Law's Trustee.

Welcome to FreedomFest 2021!

We're excited to be an Exhibitor in this first FreedomFest in Rapid City, South Dakota; and, our excitement is growing each day as July 21, 2021 gets closer.

Are you excited about FreedomFest?

I hope so.

This will be our first FreedomFest event; so, we're sending this e-mail message to you to introduce you to myself, to Team Law and to a Special Advanced Edition of my new book *FAKE 2*; to be released at FreedomFest through the FreedomFest Bookstore.

I've been working on this book for many years with many revisions; yet, none were ready for publication until I read *FAKE*, a book by Robert Kiyosaki (author of, *Rich Dad Poor Dad*). The subtitle to *FAKE* is: *Fake Money, Fake Teachers, Fake Assets*. We highly recommend reading *FAKE*.

While reading it, I couldn't help thinking about the underlying fake government behind the fake money, fake education system behind the fake teachers and the fake cardholders behind the fake assets. So, I revised my book to focus on the underlying fakes and *FAKE 2* is now available.

FAKE 2 starts with the Fake Cardholders because they are the backbone of the Prevailing Mythology used to control the people and to get them to voluntarily give up everything – without even knowing there're doing it.

FAKE 2 shows the history of how America was hijacked, who's responsible and what can be done to resolve the problems and get our nation back.

FAKE 2 also shows how the globalists used their philanthropy to take control over: the government, the education system and the media so they could get us where we are today.

FAKE 2 also shows you law based remedies for getting everything back and saving America.

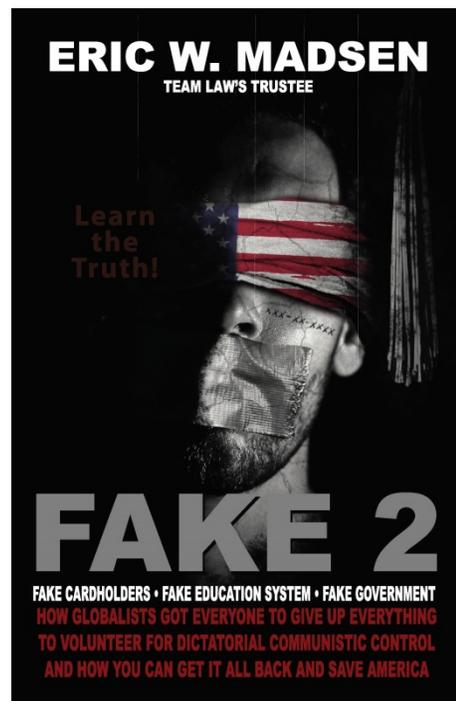

However, the time is short. There is no time to wait.

Becoming aware of the Prevailing Mythology is, or should be the single hottest topic among the people; yet, the Global Elite's strangle hold on the media systems makes it tough. That's why people need to form groups to help and share factual information and remedies.

Team Law is working toward that end now; and, we need your help.

Respectively, we hope you will get a copy of *FAKE 2*, read it and let us know what you think of it and how we can help you. We published this Special Advanced Edition and made it available to FreedomFest attendees to get your help and suggestions as we prepare for the First Edition release.

The Global Elite's control of mainstream and social media systems necessitates that we form another means of communication. We need to get together with our friends and families in the Spirit of True Americans with a passion for our Liberty and Rights. We need to secure a way to spread the truth that doesn't need the conventional media systems we can no longer trust.

You have your families, friends and neighbors and we now have an incredible book in place that reveals the Prevailing Mythology and open the door to restoring our nation. We're forming groups of people – Citizen Leagues – to take the message of Liberty to the people. We need to get the truth out there. People need to know the law, they need to know how to apply it and they need to know the truth about our origin and history. We're not alone. We need to unite.

As you mingle in society, listening and participating in conversations, haven't you heard people say things like:

“Why aren't they doing something about this?”

“Isn't someone going to do something about this?”

“How can this be happening?”

Even the cries shouted from protestors ask for someone to do something.

Have you noticed? So what's missing?

When I pondered and prayed about things I witnessed happening around me, nearly 30 years ago, I was searching for answers about what could be done. I needed guidance.

From the answers received came understanding there are three elemental causes for virtually all of the problems we face:

1. We've forgotten our Creator and His way;
2. We've forgotten who we are; and,
3. We don't know the law.

That's when I formed **Team Law** as a Foundation dedicated to helping people learn how to learn the law.

We hope you took the opportunity to read the three FreedomFest Forum articles I wrote, titled: “Are You Healthy, Wealthy & Wise?” Each article focused on a different element of this year's FreedomFest theme: [Part 1](#) – Being Healthy, [Part 2](#) – Being Wealthy and [Part 3](#) – Being Wise. Each of those articles also shows the effects of the Prevailing Mythology and how it is used like a new religion to control the people.

[Dr. Simone Gold, MD, JD](#), Founder of America's Frontline Doctors, has also noticed how the people are being controlled by a new mythological religion driven by the fear of the [CoViD](#) related health crisis.

These new government controlled religions are being used to: get people to forget God, forget who they are, break up Families and take complete control over the people, property, government, media and education.

Remember the prophesy –

“For false Christs and false prophets shall rise, and shall shew signs and wonders, to seduce, if it were possible, even the elect.” Mark 13:22

The forum articles only provide a brief look at that Mythology and its effect.

The rest of the story is in *FAKE 2*.

History is filled with evidence of people falling prey to the dictatorial path of Marxism, Socialism and Communism. Dr. Gold well relates how that story unfolded upon the Jewish people in Germany under Hitler's rule.

As it was happening there, the people watched their rights slowly being taken away; yet they too remained ignorant of the law and took almost no action to avoid the Ultimate Solution.

From the beginning we've been inspired by something Benjamin Franklin said to Mrs. Powell when she asked him what kind of government the delegates had resolved; he answered:

“A Constitutional Republic if you can keep it.”

To keep it you have to know who you are and you have to know the law. It's not too late to learn and act; however, this may be our last chance. That's why I founded Team Law and spent almost all of my time and millions of dollars to support it.

At FreedomFest this year, Team Law will help you begin your path of learning how to learn the law and apply the law and we need you to help us spread the word. We need your support. We're starting to form those Citizens' Leagues.

It is the wisest, simplest, safest, fastest way to eliminate the effects of the Prevailing Mythology, put our government and economy back on track and secure your life, liberty, property and pursuit of happiness.

I will be in an interview with Gary Alexander on, FreedomFest's Main Stage, Thursday, July 22, at: 9:50am (MDT), topic: **“The Truth About Individual Sovereignty: Understanding Private Property and Your Constitutionally Secured Rights”**;

Then I will be presenting a breakout session on, Thursday, at, 1:10pm, titled: **“The Hijacking of Our Constitutional Republic: How It Happened, How It Affects You & What We Need to Do to Fix It”**.

We'll hold another breakout session on, Friday, July 23, at: 2:10pm, titled: **“Debt and Private Property: Fixing America's Most Hidden and Destructive Problems”**.

You will find a flyer in your FreedomFest Program Bag that tells more about these breakout sessions and offers you a chance to win a prize valued at over \$2,139.50.

I would love to meet you in those sessions and/or at our booth: 817-819.
Join us with your support.

Sincerely, Eric W. Madsen, Trustee
Team Law.
